

Announcement of End-of-Service Products

June 30, 2014

Dear Customer

Thank you for your continued business with our AOI.

We would like to announce that the following machines will be no longer serviced from December 31, 2014.

- M22Xfw-250 / M22Xfw-350 / M22Xfw-450
- M22Xfv-350 / M22Xfv-450 / M22Xfv-520 / M22Xfv-650
- M22Xfx-350
- L22X-350
- L22Xfv-350 / L22Xfv-520

These models are mounted with digital cameras using FireWire 400 (IEEE1394-1995) for image transmitting, and it has been 14 years since production. Unfortunately, we have difficulty in procurement of camera and its repair service. As for fluorescent lamps, which are the main consumables, we have stocks for the time being, but production of these lamps, too, is going to be discontinued in the near future. The delivery of fluorescent lamps will be out of service at the timing without notice.

Under these circumstances, maintenance service of these machines will be closed with the request received by end of 2014. Any parts which will be out of stock before December 31, 2014, please note that we stop our service at that point without previous notice.

Sincerely yours,

Business Promotion Division
Marantz Electronics, Ltd.
