These machines use Apple PC as its controller, and major OS update is planned on September. Unfortunately, we are in the situation that we cannot guarantee the operation of the function for above machines after this update. H series machines are not adaptable to new OS (10.14).

Under these circumstances, production of above machines (under condition of secured PC with OS10.13) will be closed with the order received by end of September 2018.

Sincerely yours,

Marantz Electronics, Ltd.
